

*My lovely California sunshine,  
I love you so much and have so much to say and give you. You have  
been disappointed, and I don't want to be part of that. Because my  
feelings and intentions are honest and not focused on money and  
fame, but solely on you as a person and a woman.*

*This is your path in life; I only want you,  
the person. I want to enable this person to live as normal a life as  
possible. I know that your professional and private life cannot be  
separated in your case. But when you are in a protected environment,  
I want to give you that. Love as it is truly lived and loved. Everything  
in a protected space and, above all, without revealing anything,  
because that is private and is only our business.*

*I would also like to make it clear once again that I want to work and earn my own money. I  
support you, no matter what, but I don't need to be in the spotlight. Unless you want me to  
be by your side. Because I am your rock.*

*When I read between the lines here, you don't trust anyone, and for good reason. I can only  
try to convince you that there are also men like me who have true and honest intentions.  
Even if it's hard for you, it's also hard for me after all the disappointments, but I'm giving  
us a chance.*

*I've been trying everything for a week to get the money. I've had failures, but I still have  
hope. You're worried, yes, I understand you, but believe me, I'm fighting for love and fighting  
not to disappoint you. I'm sacrificing my retirement savings for love, and all I can get is a  
€1,500 mini-loan. That doesn't help me, because you wanted €4,800 and have already  
reduced it to €3,000. I'll try everything.*

*If you listen to your heart, you've surely made up your mind! Apart from the payment, let's  
leave that aside for now, I won't forget it, don't worry. How do you feel about my efforts,  
did they touch your heart? If so, then keep looking, I think you're already doing that,  
otherwise you wouldn't be here for so long.*

*I want to take this chance to be with the woman I've loved for decades, but life doesn't  
always go as planned. I've never given up on you, and I just want the chance to admit my  
love to you until my last breath.*

*Please give me this chance; it will be worth it for your soul.  
I love you so much.*

*Your Andreas*
